The Epoh Abengs — Research & Website Brainstorm

Create a comprehensive research doc from Facebook intel and brainstorm the website structure for this Cameroonian lifestyle/couple brand.

Gathered Intel (from Facebook)

Field	Value
Brand Name	The Epoh Abengs
Owner	Epoh Abeng
Niche	Mariage
Tagline	"Je partage des moments vrais, du contenu de couple, des conseils beauté, des recettes et des inspirations du quotidien pour une vie et un foyer épanoui."
English translation	"I share real moments, couple content, beauty tips, recipes and daily inspirations for a fulfilling life and home."
Location	NYALLA PARISO, Douala, Cameroon
Languages	French and English (bilingual)
Married since	February 13, 2021

Field	Value
Facebook followers	~10K
Instagram	@the_epohabengs
Email	estherjudith255@gmail.com
Availability	Always open (for collabs / professional inquiries)
Content themes	Couple moments, beauty tips, recipes, daily inspiration, faith-centered marriage
Faith angle	"Quand Dieu est au centre d'un couple, l'amour ne vieillit pas" — God-centered couple content

What We Still Need (to ask the client)

1. **Brand assets** — Logo, brand colors, fonts, high-res photos/videos
2. **Full names** — Both partners' names (for About page)
3. **Bio / Origin story** — How they met, why they started creating content
4. **Services / Monetization** — Do they offer coaching, consultations, brand collabs, digital products, merch?
5. **YouTube / TikTok** — Any other platforms beyond Facebook & Instagram?
6. **Testimonials** — Any testimonials from followers or collab partners?
7. **Blog content** — Do they want to migrate/republish their Facebook posts as blog articles?
8. **Target audience** — Primarily Francophone Africa? Global diaspora? Both?
9. **Domain name** — Do they already own a domain? Preference? (e.g. theepohabengs.com)
10. **Tone & vibe** — Warm & cozy? Modern & sleek? Elegant & minimal?
11. **Must-have features** — Newsletter signup? Appointment booking? Shop?
12. **Photography style** — Candid family shots, studio portraits, lifestyle?
13. **Content calendar** — How often do they post? Any recurring series?
14. **Competitors / Inspiration sites** — Any websites they admire?

Website Brainstorm

Concept: "A Beautiful Life, Together"

A bilingual (FR/EN) lifestyle website that extends their social media presence into a full brand hub — part blog, part portfolio, part community space.

Proposed Pages

- **Home** — Hero video/image of the couple, tagline, latest content highlights, CTA to follow/subscribe
- **About Us** — Origin story, values (faith, family, love), timeline of their journey
- **Blog** — Categories: Marriage & Couple Life, Beauty & Self-care, Recipes & Home, Faith & Inspiration
- **Gallery** — Curated photo/video grid from their content (Instagram feed embed or custom)
- **Collaborations** — For brands: media kit, past partnerships, inquiry form
- **Contact** — Email, social links, collab request form
- **Newsletter** — Email capture for weekly/monthly inspiration drops

Design Direction Ideas

- **Palette** : Warm earth tones (terracotta, cream, gold accents) or soft pastels — reflecting warmth and African elegance
- **Typography** : Elegant serif for headings + clean sans-serif for body
- **Imagery** : Full-bleed couple/family photos, candid lifestyle shots
- **Vibe** : Warm, inviting, faith-forward, modern African lifestyle
- **Bilingual toggle** : FR/EN switcher in the navbar

Tech Stack Options

- **Next.js + TailwindCSS** — Modern, fast, SEO-friendly, easy bilingual support (i18n)
 - **Sanity / Contentful CMS** — So the client can manage blog posts themselves
 - **Vercel / Netlify** — Easy deployment
 - Alternative: **WordPress** if they want full self-management (less dev control)
-

Plan of Action

1. Scout Facebook page & compile research
 2. Create `research.md` in the project with all intel + gaps
 3. Get client answers to the 14 questions above
 4. Finalize site map, design direction, and tech stack
 5. Build the website
-

Ready to create the research.md file and proceed once you confirm the plan and share any additional info.
